EDUCATION

MCA from Dr. APJ Abdul Kalam Technical University, Lucknow in 2004

CORE COMPETENCIES

SAP SD / Order to Cash Governance

Distributor Management Systems (DMS)

Business Process Architecture

Digital Transformation

Secondary Sales Automation

Sales Analytics

Project Delivery Management

Application Development Lifecycle

Vendor Management

Product Recommendation Engine

GST Process Automation

Mobility Solutions

SAP-GCP Integration

PROFILE SUMMARY

- **Strategic Business Process and Digital Transformation Leader** with 15+ years of experience driving enterprise sales operations, distributor management, SAP SD Order-to-Cash processes, analytics and technology transformation initiatives within FMCG sector.
- Strong expertise in designing **scalable business applications, automating secondary sales ecosystems, and aligning technology solutions** with commercial and operational business objectives.
- Proven track record of delivering enterprise platforms across **distributor management systems, GST compliance, AI-driven recommendation engines, mobile sales applications, and digital claims processing solutions.**
- Experienced in **stakeholder management, vendor governance, SLA management, production support, SAP functional coordination, cloud-enabled analytics, and AI/ML-driven business transformation initiatives.**

WORK EXPERIENCE

Aug 2014 – Present with Colgate Global Business Services Pvt. Ltd., Mumbai as Business Process Architect

Key Result Area:

- Leading enterprise Sales & Marketing technology transformation initiatives across distributor operations, SAP SD ecosystems, analytics platforms, and digital mobility solutions. Responsible for requirement management, stakeholder engagement, functional validation, SIT/UAT governance, production deployment, and post-implementation stabilization.

Jan 2011 - Aug 2014 with Colgate-Palmolive, Mumbai as IT Executive

Key Result Area:

- Managed implementation and operational support of Distributor Management Systems (DMS) across India operations, enabling process automation, enhanced reporting, and distributor network visibility.

Jul 2009 – Nov 2010 with Kelly Services, New Delhi as IS Coordinator

Key Result Area:

- Coordinated DMS application development, deployment, issue resolution, and enhancement management while supporting business users at the client location.

PROJECTS EXECUTED

Flagship Projects & Transformation Deliveries

- Led digital transformation of Distributor Management Systems (DMS) covering scheme engines, online claims, GST integration, bulk ordering, communication portals, and reporting dashboards.
- Architected the Smile Store AI Recommendation Platform integrating SAP sales data for intelligent product recommendations, upselling, cross-selling and MOQ-driven ordering optimization.

Data Analytics

AI/ML Enablement

Team Leadership

Stakeholder Escalation
Management

- Managed SAP SD Order-to-Cash governance including master data validation, pricing controls, billing issue resolution, IDOC monitoring, and finance integration support.
- Delivered field sales mobility and delivery automation solutions including mobile ordering, delivery tracking, proof-of-delivery, and backend synchronization platforms.
- Spearheaded GST compliance implementation across distributor transaction workflows to ensure statutory readiness and process alignment.

Support / Delivery Coordination

- Managed end-to-end coordination of support requests, escalations, stakeholder communication, documentation, and SLA-driven delivery activities.
- Prioritized incidents based on business impact, urgency, and stakeholder criticality to ensure timely issue resolution.
- Monitored SLA compliance, response timelines, and closure commitments to maintain service continuity and operational stability.
- Handled high-priority escalations, production incidents, and VIP stakeholder requests requiring immediate attention.
- Performed effort estimation, dependency tracking, and execution planning for faster issue resolution and delivery management.
- Implemented structured workload prioritization and proactive risk communication to ensure smooth delivery execution.
- Maintained governance through detailed documentation, audit tracking and knowledge management practices.

Business Process / Solution Architect Role

- Designed and delivered enterprise sales and distributor management solutions aligned with business transformation objectives.
- Led requirement gathering, process mapping, stakeholder workshops, and functional blueprint preparation for large-scale programs.
- Developed solution frameworks for claims processing, promotion management, GST compliance, reporting automation, and field-force mobility initiatives.
- Acted as the liaison between business teams, SAP functional consultants, developers, and external vendors for seamless project execution.
- Defined implementation priorities based on business impact, compliance requirements, and operational dependencies.
- Governed SIT/UAT activities, defect management, go-live readiness, hypercare support, and post-production stabilization.
- Provided oversight on solution scalability, governance standards, business continuity, and continuous process improvement initiatives.
- Designed and implemented a Retrieval-Augmented Generation (RAG) solution for SAP support optimization, enabling intelligent root cause analysis of production issues using Generative AI capabilities. Leveraged LangChain, vector databases, embeddings, and semantic search to retrieve relevant historical incidents, knowledge base articles, and resolution patterns, significantly improving issue triage efficiency, support response time, and resolution accuracy.

GenAI & AI Transformation Exposure

- Worked on AI-enabled recommendation platforms integrating SAP SD sales data.
- Explored LangChain and LangGraph-based orchestration frameworks for enterprise AI workflows.
- Familiar with LLM applications, prompt engineering, retrieval-based AI systems, and AI-driven business automation concepts.
- Participated in AI solution ideation for enterprise sales and distributor ecosystems.

TECHNICAL EXPOSURE

- **SAP Transactions:** VA01/02/03, VF01/03, XD01/02/03/99, MM01/02/03, MMBE, MB52, SE38, SA38, SM37, SE37, SE80, WE02/05/06/19
- **SAP Tables Exposure:** VBAK, VBAP, VBRK, VBRP, KNA1, KNVV, KNVP, MARA, MVKE, MSEG, MKPF, KONV
- **ABAP Debugging and System Monitoring:** SE80, SE38, SE37, SM66, SMLG, SM12, AL08
- **Databases & Analytics:** SQL Server, MySQL, BigQuery, SAP HANA, MongoDB, PostgreSQL, DOMO, Snowflake
- **Cloud & App Stack:** Google Cloud Platform, Kubernetes, SAP-GCP integration
- **AI/ML Stack:** Python, Pandas, Scikit-learn, LangChain, LangGraph, Predictive Analytics, Prompt Engineering, LLM Applications, AI Workflow Orchestration, RAG Concepts, AI-enabled Recommendation Systems

ACHIEVEMENTS

- Honored with **‘You Can Make a Difference Award’** for successfully delivering the DMS Cambodia implementation initiative (2025).
- Received Global **‘You Can Make a Difference Award’** for contributions to the Smile Store Project (2021).
- Recognized with **‘You Can Make a Difference Award’** for driving GST implementation initiatives (2018).
- Awarded **‘You Can Make a Difference Award’** for contributions to the Coverage Tool MMI project (2012).
